KOHLER or KOHLER
Plumbing Fixtures in Color

Kohler Chromium-Plated Fittings

KOHLER Chromium plated fittings—faucets, basins, showers, etc.—have been specially designed to go with the colored walls, contributing a final touch of smartness and beauty.

All china parts have been eliminated. The handles, escutcheons, and shafts have a grain that is better achieved in metal than in any other material. And, plated with chromium, they have a platinum-like luster and a property of assimilating and giving back subtle shades of color.

The beauty of chromium is lasting, for this remarkable metal is almost completely non-tarnishing, has a high resistance to ordinary acids and chemicals, is easily cleaned, and has outstanding hardness and wearing qualities.

Kohler fittings in chromium plate are of more than ordinary quality, and their use at the installation is particularly to be recommended.

The Choice of Accessories

Various accessories are required in the plumbing installation, particularly in the bathroom. Towel racks, rubber holders, soap dishes, and other articles of this kind finished in chromium are appropriate and can be obtained through the plumbing retailer. Certain toilet accessories, such as soap dishes, are made by various瓷 manufacturers to match their tile. Various Kohler accessories of vitreous china, colored to match the plumbing fixtures, are particularly suitable, repeating the main color note in various parts of the room.

Shower curtains, obtainable through the plumbing retailer, can be had in a great variety of colors.

Chairs and stools may be finished in any color, as may mirror frames. Mirrors without frames, many of them beautifully etched, may be used if preferred. The mirror may serve also as the door of a cabinet recessed in the wall.

What John Michael Kohler saw in 1883 when he looked at a cast-iron horse trough was the bathtub that launched a global plumbing company. That pioneering spirit of ingenuity – the kind that sees a bathing revolution in a horse trough – has defined Kohler Co. from its earliest days. A visionary, John Michael Kohler understood the importance of innovative design and an uncompromising commitment to craft and quality. After four generations, we remain a family-owned company with diverse international businesses having filed for over 15,000 patents with a current offering of over 26,000 products. Still leading the industry in innovation and design. Bolder than ever.

KOHLER® bathroom faucets and accessories are highly engineered, highly designed instruments of expression that open up infinite possibilities for defining the modern living space. We strive to create bold, intimate designs that bring smart functionality to your daily routine. From sink faucets to bath spouts and towel rings, our faucet and accessory collections blend style and purposeful detail to help you design a space that reflects your habits, your lifestyle, your home.

If you're looking for design ideas and inspiration, explore the latest bathroom trends at [KOHLER.com/BathroomGallery](https://www.kohler.com/BathroomGallery).

Why KOHLER®?

People have been turning to Kohler for help with bathroom design for nearly 140 years – a responsibility we don't take lightly. In order to bring you the latest innovations, our international design teams experiment with materials and finishes, research design and technology trends, and study how people use their living spaces. We work continuously to create bathroom faucets and accessories that not only make a cutting-edge design statement but also bring comfort and inspiration to life.

Bold. Polished. Style.

Designed to simplify bathroom design, our faucet and accessory collections typically include everything you need from sink faucets to shower and bath faucets, and from trim to matching accessories. Whether your own sense of style tends toward traditional or you feel more at home in a contemporary setting, we offer a wide range of design choices and finish options to complement your life.

Design Awards & Highlights

We touch every step in the design and manufacture of our faucets and accessories, and from the first sketch to the final inspection, we strive for excellence. Working with global design teams, we pursue designs that balance art and utility, original designs that introduce new innovations, and iconic designs that bring lasting beauty to everyday life.

Proven Performance

KOHLER faucets deliver incredible performance – inside and out – guaranteed. Combining premium materials with design innovations and rigorous testing, we ensure that our faucets are built to last. Our entire faucets team – from engineering to manufacturing – works with the common goal of producing quality faucets you can depend on for years to come.

Saving Without Sacrificing

Developing bathroom products that offer exceptional performance while saving water has been a focus of ours since the 1970s. And today, as the need to reduce water usage increases, we're ready with solutions. Our commitment to water conservation has been recognized by the EPA WaterSense® program for seven consecutive years: Kohler received the WaterSense Manufacturing Partner of the Year Award in 2008, 2009 and 2012, the WaterSense Excellence Award in 2010 and 2011 as well as the Sustained Excellence Award in 2013 and 2014.

Bold. Polished. Style.

Our faucet and accessory collections allow you to design bathrooms that are tailored expressions of your personal style. It's simply a matter of settling on a design and finish that's right for you and choosing the components you'll need – we've done the rest of the legwork for you.

Consider Your Options

Whether you've decided simply to upgrade your sink faucet or you're remodeling the entire bathroom, you'll need to choose a faucet that fits – both aesthetically and functionally. We've listed some of the options below along with an overview of finishing touches you may want to consider. For additional information, consult your showroom representative or visit KOHLER.com/Faucets.

Widespread Faucets

Widespread faucets feature separate hot and cold handles that are independent from the spout. They can be mounted on the countertop or on sinks with three holes that measure 8" to 16" from one side to the other.

Centerset Faucets

Compact and space-efficient, centerset faucets fit sinks with three faucet holes that measure 4" from one side to the other. The spout and handles make up one compact connected piece.

Single-Handle Faucets

Single-handle faucets allow you to control water volume and temperature with a single handle – typically placed above the spout. They're designed for sinks with a single hole or, when combined with an escutcheon plate, for sinks with three centerset holes.

Wall-Mount Faucets

Mounted on the wall behind the sink, wall-mount faucets work well with above-counter, wall-mount and under-mount sinks. They provide a streamlined look and help keep countertops clear.

Bidet Faucets

When you choose a bidet, you'll select one with either a vertical or horizontal spray. Your faucet choice will need to match your spray selection. Bidet faucets are available in single-handle, centerset and widespread models.

Vessel Faucets

Several of our single-handle faucets are available in Tall or Tower models designed to accommodate above-counter KOHLER® Vessel and Wading Pool® sinks.

Accessories

As you'll see on the following pages, many of our faucets have coordinating accessories including shelves, towel bars, towel rings, toilet tissue holders, robe hooks and soap dishes. The perfect finishing touch, accessories are designed to complement your finish and style choices.

Mirrors & Medicine Cabinets

Adding a mirror to your bathroom isn't just functional. It also gives the illusion of more space. Explore our selection of mirrors and medicine cabinets on page 143 to find one that fits your bathroom's decor.

Lighting

Well-chosen lighting can make your grooming experience easier and enhance the look of your bathroom. Some faucets have line-matched lighting, such as Purist® and Devonshire®. See page 142 for a selection of lighting designed to complement an array of bathroom environments.

Cabinet Hardware

Complete the look of your bathroom with coordinating hardware, including drawer pulls and cabinet knobs. Our hardware is available in a range of finishes that match our faucet and accessory collections. See page 144 for available options.

Shower Accessories

We've thought of everything to make your shower experience safer and more convenient. See page 146 for grab bars, shower rods and baskets.

Drains

Featuring solid-brass construction for durability and reliability, KOHLER® bathroom sink drains resist buildup. A range of finish options lets you find the perfect match for your faucet and trim. See page 147 for drain options.

Consider Your Options

Single-Function

Multifunction

Single-Function

Multifunction

Showerheads

Highly engineered for exceptional performance, our showerhead offering includes a wide selection of single-function and multifunction sprays, including Catalyst® air-induction and water-saving spray options. Most showerheads coordinate with KOHLER® faucet and accessory collections, delivering a complete design solution. And many showerheads feature an easy-to-clean MasterClean™ sprayface.

Handshowers

A great option for the family shower, handshowers can function in place of or in combination with a showerhead. Install your handshower with a slidebar and brackets to enhance the functionality of your shower and accommodate a range of heights – for both adults and children.

Bath/Shower Trim Set

Shower Trim Set

Deck-Mount Bath Faucet Trim

Deck-Mount Bath Faucet Valve

Bath/Shower & Shower Trim Sets

Our trim sets for showers and bath/showers take the guesswork out of shower design. Line-matched with KOHLER faucets and accessories, these trim sets provide all the trim components you'll need to create a simple pressure-balancing shower that delivers great performance.

Deck-Mount Bath Faucet Valve & Trim

Designed to accompany KOHLER under-mount baths or baths with a faucet deck, our deck-mount bath valves and faucet trim deliver exceptionally smooth operation and precise control over temperature and flow.

Thermostatic Valve Trim

Thermostatic Valve

Pressure-Balancing Valve Trim

Pressure-Balancing Valve

Thermostatic Valve & Trim

Perfect for custom showers, thermostatic valves and trim let you set the temperature once and never have to adjust it again. Use separate volume controls to adjust the water flow of each component – showerheads, handshowers or body sprays – individually.

Pressure-Balancing Valve & Trim

Our pressure-balancing valves and trim are an all-in-one solution that lets you control water flow and temperature with one handle. Typically used with a showerhead or handshower and bath spout, they can be paired with a transfer valve to run up to three components.

Transfer Valve Trim

Transfer Valve

Volume Control Valve Trim

Volume Control Valve

Transfer Valve & Trim

Used in conjunction with either a pressure-balancing valve or a thermostatic valve and volume control valve, the transfer valve and trim let you control two to three separate components for up to six different experiences with a simple turn of the handle.

Volume Control Valve & Trim

Paired with a thermostatic valve, KOHLER volume control valves give you precise control of the water flow of all your individual water delivery components from showerheads and handshowers to rainheads and body sprays.

Infinite Possibilities

Our faucets invite you to discover the possibilities of bathroom design. With styles that range from traditional to contemporary, KOHLER® faucets reflect our commitment to innovative, original design. From the very first design sketch to the moment each faucet and accessory is inscribed with the Kohler name, we obsess over every detail inside and out. Each piece is thoughtfully designed to be exceptional on its own, and each collection is perfectly proportioned.

Finish with Confidence

We offer one of the largest selections of faucet finishes to complement your personal style and complete your bathroom design. Ranging from warm brushed tones to brilliant polished hues, our finishes help soften or define an aesthetic. As tough as they are beautiful, our finishes resist corrosion twice as well as the industry standard. Our Vibrant® PVD finishes create an incredibly strong surface that is scratch- and tarnish-resistant.

Toobi®

Have nothing in your house that you do not know to be useful, or believe to be beautiful. - William Morris

What was the design inspiration for Toobi®?

The Toobi faucet explores the meaning of simplicity in faucet design. Surrounded more and more by visual and informational clutter, people seek integrity, emotional connection and pleasure in design. Toobi addresses this through a very natural and rich experience with water in everyday use. Its tubular, highly contemporary design speaks to the origin of faucets as pipes delivering water.

What was the thinking behind the color inserts?

The idea was to mark the moment water flow transitions from inside to outside the faucet by contrasting a softer material against the metal faucet body. At the same time, color invites people to personalize the bathroom space and engage more deeply. White offers cool coordination with most ceramic basins; black is a classic touch; and green a “pop” highlight – natural and refreshing.

What is uniquely KOHLER® about this design?

The Toobi faucet is the joy and experience of water itself captured within a pure, simple faucet design. Tapping into the zeitgeist of our time, Toobi defines faucet design in expressive and individual terms. The Toobi faucet collection is a reflection of the KOHLER brand at the leading edge of innovation and design.

Proven Performance

KOHLER® faucets deliver uncompromising performance you can depend on day after day, year after year. We take the extra time to precision-engineer each element of every faucet, from design to manufacture. To ensure KOHLER quality, our faucets are hand-inspected and tested well beyond the industry's most rigorous standards. The result is a durable product you can confidently choose for your home.

Leak-Free

The revolutionary UltraGlide® valve with dry stem technology, featured on most widespread KOHLER faucets, uses a reengineered water pathway to move water in and out of the bottom of the valve so water never touches the valve stem. This innovative design eliminates the most common leak path experienced with standard valves.

Smooth Operation

UltraGlide valves provide KOHLER faucets with precise, effortless control over water temperature and flow. Many quarter-turn faucet valves have a small window to adjust water flow and temperature (a 25° turn of the handle). UltraGlide valves provide a 50° adjustment window – allowing greater control over water temperature and flow. Engineered ceramic discs ensure faucet handles are both incredibly responsive and ultra smooth.

Premium Materials

Our faucets are crafted from only the finest materials. All-metal faucet bodies and engineered ceramic disc valves ensure our faucets deliver a lifetime of dependability. Advanced ceramic discs are fired nearly diamond-hard making them resistant to hard water and debris. Simply operating the faucet has a polishing effect on the discs, maintaining smooth and consistent handle operation over time.

Guaranteed for Life

Built to last a lifetime, KOHLER faucets are tested well beyond what the industry requires for performance and durability. Most faucets endure testing from 1 million on/off cycles – about 50 years' worth – to 24 hours in a saltwater spray. A result of our commitment to quality, our faucet finishes resist corrosion twice as well as industry standards. Faucets that feature Vibrant® PVD finishes and ceramic disc valves carry a Lifetime Limited Warranty.*

*KOHLER faucets carry a Lifetime Limited Warranty for as long as the original consumer/purchaser owns his or her home. Faucets used in commercial settings carry a Kohler One-Year Limited Warranty. For complete warranty information, see your nearest KOHLER dealer, visit KOHLER.com/Warranty or call 1-800-4-KOHLER.

Look for the WaterSense® Label

The WaterSense label is a great place to start when you're looking for water-saving products that perform. These faucets, showerheads and handshowers save up to 30% more water while still meeting performance standards. Look for the WaterSense label in our product portfolio pages.

To learn more about the EPA's WaterSense program, visit SaveWaterAmerica.com.

Faucets

All KOHLER® bathroom sink faucets feature a water-saving aerator that can save up to 11,800 gallons of water each year. Our WaterSense-labeled faucets deliver a powerful aerated stream using 30% less water than standard 2.2 gpm faucets.

Gallons per Minute (GPM)	Water Savings	Savings in Gallons per Year (GPY)
2.2	Current standard	Current standard
1.5 	30%	11,800 gpy from 2.2 gpm

Based on an average household of four, each using a faucet 8.1 minutes a day, 365 days a year.

Showerheads & Handshowers

Enjoy great performance and save between 20% and 40% more water each year with WaterSense-labeled showerheads and handshowers. Choose from water-saving, 2.0 gpm, 1.75 gpm and 1.5 gpm showerheads and handshowers to create the experience you desire in a style you love.

Gallons per Minute (GPM)	Water Savings	Savings in Gallons per Year (GPY)
2.5	Current standard	Current standard
2.0 	20%	3,870 gpy from 2.5 gpm
1.75 	30%	5,805 gpy from 2.5 gpm 1,935 gpy from 2.0 gpm
1.5 	40%	7,740 gpy from 2.5 gpm 3,870 gpy from 2.0 gpm 1,935 gpy from 1.75 gpm

Based on an average household of four, each showering once a day for 5.3 minutes, 365 days a year.

With our extensive bathroom faucet collection, there's a fit for every design preference – sleek, minimalist lines or elegant, sculptured detailing. And while it may seem a small part of your bathroom, a faucet makes a big impact both functionally and aesthetically. That's why we craft our faucets with premium materials and lasting finishes, and add innovative features to simplify installation. Find your favorite on the pages that follow, or visit [KOHLER.com/Faucets](https://www.kohler.com/Faucets).

Pinstripe®

Pinstripe Widespread Sink Faucet with Cross Handles K-13132-3B-CP

Between the 1920s and early 1940s, architects and interior designers transformed more than 30 blocks of Miami with the bright pastels and linear symmetry that defined the art deco movement. Pinstripe draws design inspiration from this period, bringing the chic playfulness and optimism of art deco to your home.

Vas®**Faucet Colors & Patterns****Vas Single-Handle Sink Faucet K-11010-0**

Part of our Artist Editions® collection, the Vas pitcher-like ceramic faucet maintains fluid lines for easy cleaning and a graceful appearance. The unique handle resembles a drooping flower stem, bringing a subtle touch of nature to your space.

Bol®

For complete product listing, see pages 150-156.

Faucet Colors & Patterns**Bol Single-Handle Sink Faucet K-11000-0**

Transform your bathroom into a gallery of artistic beauty with this classic Bol single-handle faucet. Inspired by an antique apothecary mortar and pestle, Bol gives a nod to the past yet delivers a thoroughly modern interpretation.

Toobi®

Toobi Single-Handle Sink Faucet K-8959-7-CP

A fusion of pop culture and Asian-inspired sensibilities, the Toobi collection re-imagines water delivery for the modern bathroom. The design draws inspiration from the exuberance of pop with curvaceous forms that contrast with crisp, polished edges. Toobi invites you to personalize your bathroom with three spout detail options in green, black or white for sink faucets, bath spouts and showerheads.

Refinia®

Refinia Centerset Sink Faucet K-5316-4-CP

Bring a feeling of nature into your bathroom with the Refinia faucet collection. Inspired by organic shapes, Refinia faucets mimic the gentle, optimistic uncurling of a sprouting plant. The graceful, sculptural lines and improved minimalist profile pair nicely with Alteo® accessories.

For complete product listing, see pages 150-156.

Stillness®

Stillness Widespread Sink Faucet K-942-4-CP

Stillness, with its back-to-basics aesthetic, offers a convincing case for simplicity in design. Minimalist and tubular, Stillness faucets and accessories work equally well in a relaxed environment or in a highly modern one. This full collection invites you to customize your bathroom with a tailored look.

Karbon®

Karbon Articulating Widespread Sink Faucet K-6274-C12-CP

A bold representation of modern industrial design, Karbon faucets are designed with pivoting joints that allow you to position water flow exactly where you need it as you shave, wash your hands or rinse the basin. The multifunction sprayhead offers a gentle spray for grooming and a more forceful spray for cleaning.

For complete product listing, see pages 150-156.
